MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT: Communist China Map Folio

The Communist China Map Folio is now ready for distribution within government and it occurred to us that perhaps the DCI might like to distribute copies personally to the President, Vice President, and various departmental secretaries. This Folio represents the best collection of maps with supporting data primarily for use by people engaged in China affairs. This single edition of the Folio is the only one planned. There has been no provision for a special VIP edition as we issued on Indochina. We consider this collection of maps to be the most complete unclassified treatment of basic geographic data available on Communist China.
